

RALSON

TYRES TREAD NEW PATHS

INDIA'S FASTEST
GROWING
AUTOMOTIVE
TYRE BRAND

CORNERING GRIP FROM
SHOULDER BLOCKS

HIGH WET GRIP FROM
LONG GROOVES

SLOW WEAR
COMPOUND FOR
LONGER LIFE

**MILESTONES THAT
KEEP US MOVING**

2001

Commercial Production Begins

2005

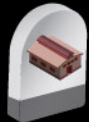

Addition of Automotive Tubes Division

2012

Initiating Road Testing with Trained Riders

2014

2nd Auto Tyres unit begins commercial production

2015

Upgradation in Quality Assurance with addition of stringent quality test parameters

2016

Launch of Cool Compound Technology

2020

Total Production Capacity enhanced to 5 million Tyres per annum

2021

Dealership Network Touches 2000+ Partners

More Safety

Slower deflation in case of puncture ensures higher safety of the rider.

More Mileage

Made possible by lighter weight tyre and rim assembly.

RALCO TUBELESS TYRES
TREAD NEW PATHS SAFELY

More Convenience

Slow deflation of the tyre provides ease of riding till the nearest service point even in case of a puncture.

More Comfort

Higher deflection of tyre's sidewall absorbs shocks better.

ECORACER

Reduced  Emissions

**A PERFECT
BALANCE OF
PERFORMANCE
AND SUSTAINABILITY**

**SMOOTHER PERFORMANCE
GREATER MILEAGE
ECO-FRIENDLY**

Low rolling
resistance leads to
better fuel efficiency

Easily recyclable

Improved tread
design for better
durability and safety

Reduced CO2 emissions

PERFECTED WITH RIGOROUS STRESS TESTS

ENDURANCE TEST: Tested for durability and structural stability at stepped up load

LOAD BEARING TEST: Subjected to life and load bearing capacity tests at 50% higher load than recommended levels

PLUNGER TEST: Subjected to penetrative 'plunger test' to gauge the strength of tyre's casing

INDIA'S FASTEST GROWING
